

What are you doing this summer?

Join us for the MTC Academy!

June 26th - 30th

8:30 AM - 12:30 PM

Massanutten Technical Center invites all **rising 7th, 8th, and 9th graders** (*current 6-8th graders*) in RCPS and HCPS to attend this exciting summer enrichment opportunity!

Academy students participate in hands-on activities exploring various aspects of their chosen program. The registration fee for the week is \$150, which covers cost of instruction and supplies.

Bus transportation will not be provided this year.

Students need to be dropped off at MTC by 8:30 AM, and picked at 12:30 PM each day.

This year we are offering seven programs. Class size is limited, so be sure to register early.

To register, simply mail this registration form, along with payment, to the address below.

Registration and payment may also be made in person at MTC (Monday-Friday, 8:00 AM to 3 PM).

CASH OR CHECK ONLY. PLEASE MAKE CHECKS PAYABLE TO "MTC."

MTC Summer Academy
325 Pleasant Valley Road
Harrisonburg, VA 22801

Students are accepted in the order in which we receive their registration form **with payment by Friday, May 19th.**

WE ARE UNABLE TO RESERVE ENROLLMENT WITHOUT PAYMENT IN FULL

If you have any questions, please contact Chris Dalton, Assistant Director, at (540) 434-5961 or by email cdalton@rockingham.k12.va.us

*****PLEASE MARK YOUR TOP THREE CHOICES*****

Exploring Agriculture For the Love of Animals Top Chef, Jr. You Can be a Design Star

Hammer Time Hook, Line and Sinker Be a Hero 3D Character Animation

Exploring Agriculture

AGRICULTURAL PRODUCTION

Come explore some basic, but essential areas of agriculture, through project-based learning, skill development and enrichment activities. The week of hands-on activities will introduce students to woodworking, electricity, aquaculture, and small engine repair/maintenance.
(LIMITED TO 10 STUDENTS)

Who Wants to be a Design Star?

ARCHITECTURE AND INTERIOR DESIGN

Have you considered a career in architecture? If you enjoy drawing and designing spaces, this hands-on experience will be a perfect fit. Join us to design your dream house while you examine how form and function in a small space can spark innovation and creativity.
(LIMITED TO 12 STUDENTS)

Hammer Time

CARPENTRY

Have you ever wanted to be a "fixer-upper?" Carpentry introduces students to various hand tools and allows them to build small projects designed to help understand the tools and machines of the trade. Come learn carpentry skills you can use at home and become the next "Chip or Joanna."
(LIMITED TO 10 STUDENTS)

Top Chef Jr.

CULINARY ARTS

With interactive instruction from our culinary experts, young chefs will get to chop, mix and roll their way to a different delicious dish in each class! Students learn valuable skills, discover new recipes, enjoy hands-on activities, and become inspired to expand their taste buds, discovering that "real food" can be really good.
(LIMITED TO 12 STUDENTS)

Be a Hero

FIRE AND RESCUE

This is not an ordinary class. You are not a spectator -- YOU are IN the ACTION! Spend the week learning how to put out a live fire, practicing search & rescue techniques, and tying important emergency knots. Junior Firefighters learn to communicate on a walkie "Firefighter Style" and participate in hands-on practice of First Aid.
(LIMITED TO 12 STUDENTS)

Hook, Line and Sinker

FISHING

Reel in an amazing experience at the Fishing Academy! Aspiring anglers learn the basics, from tying flies and knots, to picking out the best lures. Hands-on experience at local fishing spots will teach basic water safety as well as catching/releasing fish. *(Supplies will be on hand, but feel free to bring your own gear. Students need basic swimming ability.)*
(LIMITED TO 10 STUDENTS)

For the Love of Animals

VETERINARY SCIENCE

Are you a pet lover? Do you enjoy working with small and large animals? Have hands-on fun learning about the Veterinary field as we explore breeds, anatomy, diseases, and preventions for cats and dogs, as well as working with horses, cows, goats and pigs. Small field trips will be taken to local animal clinics.
(LIMITED TO 12 STUDENTS)

3D Character Animation

VISUAL EFFECTS/3D ANIMATION

Ever wondered how a Disney or Pixar movie is made, or how animation is created? Come and learn the basics of character animation, and create your own videos to show off to your family and friends! Bring your creativity to life!
No prior experience is needed.
(LIMITED TO 12 STUDENTS)

JUICE WORKS 3D™

*Not affiliated with MTC Summer Academy. However, this camp is held on the MTC campus. Students interested in this camp **MUST REGISTER ONLINE USING QR CODE.**
*Please do not fill out the MTC Academy form.

Have fun in hands-on, high-tech STEAM camps with Juice Works 3D. Choice of 3D Printing, CNC Machining, or Robotics. Follow the QR code to learn more and register.
